WHITE SAND ESTATE, NATAI , 4 - 6 BEDROOMS , 4 - 6 BATHROOMS

## OVERVIEW

Natai White Sand Estate, Thailand is set on the peaceful coastline of Natai Beach, just north of Phuket on the mainland and away from the busiest areas. Known for its pristine beaches, sense of peace and tranquillity and yet within easy reach of Phuket's main attractions, this 6 bedroom luxury estate offers everything and more for a truly memorable holiday.

Beautiful, tropical gardens surround the gorgeous contemporary Thai design, open-plan and with uninterrupted views of the Andaman Sea, the villa consists of three traditional style pavilions with spacious indoor and outdoor living areas, lavish furnishings and décor, timber flooring, ceilings combining white washed walls adorned with traditional Thai artwork.

The expansive, open-plan living room leads out to a vast lawn area and gardens with tall coconut palms where you will find a 25-metre black-tiled swimming pool with a spacious sundeck and deep verandahs with sun loungers. The villa also features a beachfront sala, steam room, Jacuzzi and massage room.

To the left of the living pavilion is a master suite with adjoining twin bedded room. Opposite the pool and large veranda is a private gym and massage room. Above the living room are four en-suite guest bedrooms fronted by a covered balcony. The villa's fully equipped chef's kitchen is set in a separate pavilion to the rear.

All six bedrooms are beautifully furnished with high quality beds with crisp white linens, fitted wardrobes, rattan armchairs and writing desks, warm lighting and air-conditioning, they all have panoramic views of the sea with direct access to verandahs and balconies through sliding glass doors. The **Master suite** in stand-alone pavilion : King bed, walk-through wardrobe to the bathroom featuring twin vanities, rain shower and opulent free-standing tub. The suite connects to a **twin bedded room** (with own bathroom) so ideal for families with children.

The other four bedrooms are located above the living room ; 2 with King-size beds, 1 with Queen size and 1 with Twin beds.

The tastefully decorated living pavilion provides a comfortable space to lounge and dine. Included are deep, soft-cushioned sofas and armchairs and a contemporary style wood dining table. There is a full-service guest kitchen with bar seating, and an adjacent wine room with ample storage space.

The gym and spa pavilion is divided into two rooms.
