A SUMMER PLACE , 4 - 7 BEDROOMS , 1 - 7 BATHROOMS

## OVERVIEW

A Summer Place is a wonderful 7 bedroom family villa featuring its own sandy beach by the blue waters of Discovery Bay. The villa's design exemplifies the typical relaxed Caribbean style, with hand-carved fretwork trimming the length of the house and a 1,500 sq.ft furnished veranda draped in beautiful blossoms. Each spacious bedroom comes complete with remote air conditioning, fine linens and unique designs. Six of the bedrooms are in the main house, with the seventh being a converted garage nearby.

A Summer Place offers its guests exquisite views over its beautifully manicured gardens featuring an array of multi-coloured bougainvillea, hibiscus, sea grape, almond, ginger lilies and coconut. A large side yard invites playful children to romp to their hearts' content. For adults wanting to relax, the waterfront gazebo is a favourite spot for massages, cocktails and watching the fabulous sunsets across the bay or there is always dipping into the private pool. From the pool terrace, it's only a few steps onto the 100' white sand beach. Guests are invited to use the snorkelling equipment and sea kayaks for great fun on the beautiful water here.
